

Transforming lives.  
Strengthening communities.

# Have your say when it comes to health insurance.

Common Ground is a community organization that works toward igniting positive change within the greater Milwaukee area. With the power of the collective voice, we have a strong history of facilitating significant and meaningful improvements within our community.

Our most ambitious effort to date: create a health insurance cooperative that puts people before profits and gives its members a voice — just like Common Ground.

**Five years and thousands of hours of hard work later, we are very pleased to announce the opening of the Common Ground Healthcare Cooperative.**

## Enrollment starts October 1, 2013

Common Ground Healthcare Cooperative will begin enrollment in **19 counties in Eastern Wisconsin, with insurance effective on January 1, 2014**

**CGHC is a non-profit, member-governed health insurance cooperative that believes in transparency.** Any profit we make goes directly back toward lowering premiums and improving benefits — for you, your employees, or your customers.

Finally, health insurance you can count on.
